THE WAR.

TO-DAY'S TELEGRAMS.

(Reuter's Service to the China Mail.)

CONSIDERABLE RUSSIAN OFFENSIVE.

BIG BATTLES IN PROGRESS.

London, Dec. 30. Russia's new stroke just inside Bukovina seems to indicate a considerable offensive along a forty-mile front.

"Big battles are at present raging northward of Rumania, the Russians opening intense bombardments, followed by massed infantry attacks between the River Pruth and a point northward of the River."

The operations so far have been in favour of the Russians.

Meanwhile the new Russian Army for the Spring is rapidly being formed and will be completely equipped in a few weeks.

THE BOMBARDMENT OF VARNA.

GERMAN FORCES AT VARNA.

A semi-official report states that a Russian squadron bombarded the King's Palace at Varna, and also the city, and then sailed for an unknown destination.

It is reported that important German forces from Serbia are concentrated at Varna.

BULGARIA'S AMBITIONS.

AMSTERDAM, Dec. 30.

According to Sofia newspapers, at a meeting of the Bulgarian parties M. Radolov declared that the Bulgarian frontiers would reach as far as the Bulgarian soldiers advanced. Monastir too, would remain Bulgarian.

GENERAL VON MACKENSEN VISIT SOFIA.

AMSTERDAM, Dec. 30.

A telegram from Sofia states that General von Mackensen arrived there on the 29th inst., and visited the German and Austrian Ministers. He was received by King Ferdinand and returned to Headquarters in the evening.

BULGARIAN WAR CREDITS.

AMSTERDAM, Dec. 30.

The Bulgarian Parliament has voted credits to the amount of £21,000,000 sterling. Only a section of the Socialists abstained from voting.

GREEK GOVERNMENT PROTESTS TO FRANCE.

ATHENS, Dec. 30.

The Greek Government has been informed that detachments of French troops have landed on the island of Castelloriza, in order to facilitate the action of the Allies against Adria.

The Greek Government has protested.

MINOR OPERATIONS ON WESTERN FRONT.

PARIS, Dec. 30.

A communiqué reports minor operations favourable to the French, also good artillery work in Champagne preventing the Germans repairing their demolished trenches.

THE CAMPAIGN AGAINST EGYPT.

ATHENS, Dec. 30.

A number of Austrian officers have gone to Syria to participate in the campaign against Egypt.

THE CONSPIRACIES IN AMERICA.

NEW YORK, Dec. 30.

Francis Moudett, a former Attorney-General, of Ohio, Jacob Taylor, President of the Labour National Peace Council, and another of the persons accused with conspiring to foment strikes in munition works in the United States, have been released on bail of \$1,000 sterling.

A GERMAN DESTROYER.

There is no danger whatever from a lock jaw or blood poisoning resulting from a wound when Chamberlain's Pain Expeller is applied. It is a safe and effective remedy for all cases of rheumatism, neuralgia, and all other pains, and it is the only remedy that can be used without any danger of infection.

THE COMPULSION QUESTION.

FORECAST OF THE BILL.

LONDON, Dec. 30.

The Cabinet's decision regarding compulsion has considerably cleared the atmosphere. The feeling is that whatever measure the Government now proposes should have undivided support. Much depends on tomorrow's meeting of the Cabinet when it is expected that the Ministry will express its considered views.

It is understood that the drafting of the Compulsion Bill will be entrusted to Sir John Simon and Mr. Walter Long. Possibly the Bill will not apply to Ireland.

It is stated that the Bill, which will be short, will call upon single men between the ages of 19 and 40 to attest in age groups within a specified period, providing penalties for non-compliance, the persons concerned to have the same privileges as Lord Derby's recruits as regards appeals.

The French newspapers welcome the British Cabinet's decision.

A highly important Labour Conference will sit to-night on the Compulsory Military Service Question. There will be a most representative attendance. Mr. Henderson (the Labour Member in the Cabinet) will report to the Cabinet tomorrow the findings of the Conference.

A Melbourne telegram says the Commonwealth welcomes the Imperial Government's decision to adopt National Service. It is believed that the news will have a very depressing effect on Britain's enemies and have a most heartening influence on her Allies.

THE COMMONWEALTH AND THE QUESTION.

The Australian newspapers applaud the decision as showing Britain's inveterate determination to prosecute the war to victory, and say the Dominion will surely follow the Motherland's lead.

THE CHARTERED BANK.

OPENING OF THE PEKING BRANCH.

PEKING, Dec. 30.

The officials were entertained at a luncheon yesterday to celebrate the opening of the Peking Branch of the Chartered Bank of India, Australia and China.

The luncheon was attended by Sir John Jordan, H.B.M.'s Minister, and by a representative of Yuan Shih Kai who sent a message of congratulation.

THE "VILLE DE LA CIOTAT."

PARIS, Dec. 29.

The French Minister for Marine, replying to Deputy Outrey concerning the sinking of the Ville de la Ciotat, said that it was impossible for him to give any particulars about the defence, but emphasised the fact that all precautions were taken in order to ensure safety at sea.

THE FRENCH 1917 RECRUITS.

PARIS, Dec. 29.

The French Senate passed a bill to incorporate the Class of 1917 under the colours.

WAR ITEMS.

According to information reaching the Times correspondent in the Balkans, from a trustworthy source at Dobrovo, some 2,000 Russian prisoners confined in the neighbourhood of that town, who revolted August 11 owing to the bad quality of the food supplied and killed two sentries, were all shot by Hungarian troops. An official communiqué subsequently issued attributed the disappearance of the prisoners to an epidemic of cholera.

General von Kuck, who commanded the right wing of the German Army on the West front, is quoted by the Berlin correspondent of the Vienna Zeit as saying that the bravery and tenacity of the British troops must be admitted. "And especially the old long-haired Irishmen were very serious opponents. Anybody who knows British military history never underestimates the British soldier. For, he has proved his worth in all wars. Remember Waterloo."

EARLIER TELEGRAMS.

(Reuter's Service to the China Mail.)

QUIET IN MESOPOTAMIA.

London, Dec. 29. General Townshend reports that attack and bombardment have ceased entirely since the 25th.

THE SILENT WORK OF THE BRITISH NAVY.

WHAT IT MEANS IN THE WAR.

London, Dec. 29. Mr. Balfour, speaking at an exhibition of Navy and Army films in London, pointed out that a portion of the Grand Fleet represented was actually engaged in the war. Without it the Allies and nations now banded against the tyranny of the Central Powers would be deprived of their communication with each other or the outer world. The task hitherto thrown on the feet had been triumphantly accomplished. The Grand Fleet was the foundation upon which everything else rested. Our economic stability, not less than our military operations, depended on the Grand Fleet. Although silent it was performing, not merely for the Allies but for the whole world, the most important part in the drama was now playing for the freedom of the world.

LIFE IN BRUSSELS.

MORE RIGOROUS THAN EVER.

AMSTERDAM, Dec. 30. Sixty-six Britons, mostly women and children, have arrived at Rosendael on their way to England. They report that life in Brussels is more rigorous than ever. Foreigners are obliged to report weekly, otherwise they will be punished by imprisonment or deportation to Germany. An English woman was sentenced to three months' imprisonment for alleged disrespect to the Kaiser.

GERMAN CRUELTY IN COURLAND.

PETROGRAD, Dec. 30. Fugitives from Courland speak of the German's cruel and heartless administration. All the males have been commandeered for military work without payment, and the people are being robbed of everything they possess.

FORD'S "ARK" CONVEYING CONTRABAND.

LONDON, Dec. 30.

A pitiful anti-climax to Ford's peace mission is an announcement by the Foreign Office that 4,000 lbs. of rubber, consigned to a well-known enemy forwarding agent in Sweden, have been seized aboard the Oskar II.

GERMANS WORSTED ON EASTERN FRONT.

PETROGRAD, Dec. 30. There have been minor encounters on the different fronts, in which the Germans were worsted.

MONTENEGRIN POSITIONS BOMBARDED.

AUSTRIANS EXPEND 2,000 SHELLS.

LONDON, Dec. 30.

A Montenegro communiqué states that the Austrian forts and fleet bombarded the Montenegrin positions near Mount Lovcen. They pounded the Montenegrins for fifteen hours with 2,000 shells, simultaneously launching determined infantry attacks, all of which were repulsed. The Montenegrins had two killed and two wounded.

SEVERE AUSTRIAN DEFEAT.

The Austrians lost 2,000 in the great fight at Lepenz on the 23rd inst. The King has congratulated the troops.

ABOUNDING PROSPERITY OF BRITISH TRADES.

LONDON, Dec. 30.

Trade Union returns show abounding prosperity in all the principal trades. The average of wages is also higher and unemployment is less than at any time in industrial history. It is estimated that the weekly increase in wages is one and a quarter millions sterling.

DESPATCH FROM SIR DOUGLAS HAIG.

SUCCESSFUL NIGHT ENTERPRISE.

LONDON, Dec. 30.

Sir Douglas Haig in an official report states that the enemy unsuccessfully attacked one of our aerodromes on the 28th. Of four machines only two reached their objective, and there was no damage. One of our machines was shot down.

A successful enterprise was carried out at night near Armentières. The enemy's trenches were entered and bombed with good effect, and numerous casualties were inflicted. Our casualties were very slight. After ten minutes the party withdrew.

Our artillery was again effective to-day against trenches and batteries at many places between Mametz and Manby. The enemy exploded two small mines near Givenchy doing no damage to the troops or the trenches.

The day has been quite sunny of the La Bassée canal. There has been a heavy reciprocal bombardment about Ypres.

THE BRITISH CABINET AND CONSCRIPTION.

LABOUR AND THE POSITION.

LONDON, Dec. 30.

A meeting of Labour leaders has been hurriedly summoned for to-morrow to consider the recruiting position.

There was a special meeting of the joint Labour Recruiting Committee to-day. It is understood that several members demanded the calling of a national conference of Trade Unions before the House of Commons meets, being of the opinion that it is now necessary in view of the Cabinet's decision. They declared that sixty per cent. of the untested are unfit, and that twenty per cent. are "starred."

THE KING AND RECRUITING.

LONDON, Dec. 30.

The King, in a letter to Lord Derby, hopes, now that the appeal for recruits is over, that everyone qualified to wear an armlet will do so.

NO RESIGNATION LIKELY.

THE WESTMINSTER GAZETTE.

The Westminster Gazette, in a later edition states that it is improbable that Mr. Henderson will resign, and that the rumours that other Ministers will resign may be dismissed. Mr. Balfour is certainly no longer opposed to compulsion.

THE TA HUANG T'S "HOLY NAME."

THE QUESTION OF ITS SANCTITY.

Up to the end of the life dynasty, it was the custom of this country to avoid the use of the name of the reigning Emperor or his ancestors, either orally or in writing. A word which once became the "holy name" of the Emperor would be held forever sacred and even the same word found in the Sage's classics would have to be changed in order to show the "inviolability" of the Emperor's holy name. The other day the question relating to the sanctity of the Holy Name of the Ta Huang Ti was raised by the Authorities of the Ta Tien Chou Pi Chu or the Preparatory Bureau for the Grand Rites and Ceremonies. Three separate proposals to the following effect were made by the officials concerned:—

CHINESE PAPER MONEY FOUND NEAR MURORAN.

A MURORAN MESSAGE TO THE "OSAKA ASHI."

A Muroran message to the "Osaka Asahi" states that a report having been received that some fishermen in Yotomo near Muroran, Hokkaido, had a large amount of Chinese paper money in their possession (¥20,000) is the sum mentioned the Muroran Customs despatched officials to ascertain whether there was any truth in it. The report proved true. The booty consisted of Chinese one dollar notes printed in New York amounting to ¥30,000. The fishermen explained that the notes were cast ashore on the 3rd. The notes were confiscated. It is supposed that the notes were washed ashore from an English steamer which was wrecked near Aomori on Oct. 7th. The steamer referred to must be the Ryofu Maru which was lost in Tataru Straits on or about the date here given.

AMERICAN BID FOR WORLD TRADE.

PLANS OF NEW \$10,000,000 CORPORATION.

The New York correspondent of "The Times" says:—

Further details of the new company being formed by the City Bank and others to develop foreign trade are now available. The name of the concern will be the American International Corporation and the authorized capital \$50,000,000 (\$10,000,000).

Mr. Charles Stone, of Stone and Webster, will be president and manager, and Mr. H. P. Tinsley, formerly with the Standard Oil Company of New York, will be secretary and treasurer. The directors will consist of some of America's foremost banking, industrial, and commercial magnates.

According to Mr. F. Vanderlip, the enterprise is one of the most important things that the United States is undertaking in order to establish itself in the world of finance, and it is being created because the usual European channels for banking and trade have been closed. The corporation, he said, will not be a mere money-making enterprise, but will stand for the development of America along international lines. Therefore every effort will be made to affiliate with the corporation the country's largest corporations and banking powers.

The new corporation is registered to do international business and establish trade relations with different countries which will help to make a market for American products; to finance and promote development in foreign countries by American engineers and manufacturers of great public and private undertakings; to assist in financing rehabilitation of industries in foreign countries, and to undertake such domestic business as seems advantageous in connection therewith.

THE NEXT WAR.

GERMANY ORGANISING FOR AN INDUSTRIAL CAMPAIGN.

(By a Correspondent in "The Globe.")

We hear from various well-informed sources that Germany is already organising her industries in order to be prepared for a great commercial campaign immediately on the conclusion of peace. It is therefore not too soon for this country, in conjunction with her Dominions and her Allies, to concert measures whereby Germany's designs may be frustrated and her ambitions checked. It must be realised that this is an economic as well as a military war. It is just as necessary to beat Germany in the market-place as on the field of battle. It was by her great export trade, principally with this country, that Germany was able to equip her huge armies and to produce a seemingly inexhaustible supply of munitions of war. It is by trade and commerce that the sinews of war are fought; therefore to destroy the trade of a country is to cripple her fighting power.

DUTY OF THE GOVERNMENT.

Anti-German sentiment may be relied upon to do much to prevent the sale of German goods in our markets for many years to come. But it will not do to rely upon sentiment alone. The State has a duty as well as the individual, and it is the duty of the Government to formulate and declare their policy in this matter without delay. It may be taken for granted that this people of this country will never consent to their markets being again flooded with German goods, imported without let or hindrance, free of tax or toll. It is quite inconceivable that we can revert to the old order of things. The public conscience would not permit of it, and no statesman, whatever his economic theories may be, would dare suggest it. In justice to our own industries no less than in reprisal for Germany's many acts of barbarity, we must do everything in our power to discourage the sale of German goods in our markets. The only practical method of doing so is to impose a heavy duty upon all goods of German origin coming to this country.

GERMAN COMMERCE.

In this matter we shall not stand alone. The time is opportune for us to form a commercial entente with our brave Allies, and to oppose as firm and united a front by Germany in trade as we are doing in war. We hear that a movement in this direction has already been started in France, which has the support of the Chambers of Commerce and of all the representatives of the industrial, commercial, and economic interests of that country. It is for us to respond to that movement, and to bring pressure to bear upon the Government to take concerted action with France and our other Allies, including our Dominions, with the twofold object of waging war on German commerce and encouraging trade in and between the Allied nations. We want, in a word, preferential trading between the Allies, and a united policy against Germany's commercial ambitions.

IMMEDIATE ACTION REQUIRED.

It may be said by some that we ought to wait until after the war before taking any such steps. But if we are to foil Germany's plans we must be preparing now. The greatest blow we could strike at Germany would be an immediate declaration of our policy on the lines we have just laid down. We are convinced that such action would do more to shorten the duration of the present hostilities than any military operations. There is nothing that Germany dreads more than an attack upon her commercial position, and it is in the power of the Allies to deliver such an attack with deadly effect.

PREFERENCE FOR OUR FRIENDS.

A tariff preference, both to our Dominions and our Allies, will be the natural outcome of the tariff system which must necessarily be set up to deal with the new situation. This is admitted even by Sir Alfred Mond, the redoubtable champion of Free Trade. Speaking in the House of Commons on October 19, on an amendment exempting articles from the Dominions from the new import duties introduced by the Chancellor of the Exchequer, he said: "If you introduce a tariff you cannot get away from Colonial preference." On the same date Sir Alfred moved an amendment to the Finance Bill with the object of admitting goods "from the territories of His Majesty's Allies" free of duty. He said: "The object of the amendment is to treat our Allies in the same way in which it was proposed to treat the Dominions in the last amendment; that is to say, to put their products on the free list." Although neither amendment was carried, owing to a general feeling that the occasion was not a suitable one, there can be no doubt that there is an overwhelming feeling in favour of preference, both in Parliament and in the country. The fear of German retaliation may be dismissed. For Germany's imports are principally raw materials required in her industries, and in any case, we can much better afford to do without German goods than Germany can afford to do without British goods. It is on such lines as we have sketched that, we doubt not, a great and enduring commercial alliance will be formed, to the lasting advantage of the countries now fighting for the liberties of Europe and to the discomfiture of their foes.

THE CHILDREN'S COLDS.

WATSON'S is children's colds and coughs. It is the best remedy for children's colds and coughs. It is perfectly safe. It has been tested by chemists and pronounced free from injurious substances and costs but a trifle. For sale by all Chemists and Storekeepers.

BALSAMIC COUGH LINCTUS

The mild and soothing influence which this preparation has, makes it among the most valuable of its kind, in cases of Cough, Asthma, Bronchitis, Shortness of Breathing or Difficulty of Expectoration; and while it removes the accumulation of phlegm from its Toxic and Astringent virtues it prevents its formation, and allays irritation of the mucous membranes of the throat and chest, rendering the system more susceptible of future irritation and disease.

INTIMATIONS

A Natural Remedy

Time was when disease was thought to be due to the direct influence of evil spirits, and exorcism and magic were invoked to cast it out.

Science has taught us wisdom. The evil spirits exist still. We call them "Disease Germs," and they also must be cast out. Once lodged in the stomach or intestines, fever with its hallucinations, or biliousness with its aches and pains, is the result.

ENO'S FRUIT SALT

is the approved remedy for driving out disease germs. Its action is quick and thorough. It clears the intestines, rouses the torpid liver to new life, stimulates the mucous membrane to a healthy action, and cleanses and invigorates the whole digestive tract.

It may be safely taken at any time by young or old.

It is very effective in the early stage of Diarrhoea by removing the irritating cause.

Be prepared for emergencies by always keeping a bottle in the house.

Prepared only by
